The purpose of this resolution is to present to the Shareholders, the Company's Remuneration Report so that Shareholders may ask questions about or make comments on the management of the Company in accordance with the requirements of the Corporations Act 2001 and vote to adopt the Remuneration Report for the year ended 30 June 2019.

The Company is proposing to grant 1,323,529 Performance Rights to Mr Hopkins in the satisfaction of the Company's Long Term Incentive (LTI) obligations to him for the 2019/20 financial year.

Each Performance Right is equal to one fully paid ordinary share, subject to satisfaction of the vesting conditions.

The proposed quantity of Performance Rights to be allocated to Mr Hopkins has been calculated as follows:

$$\text{Qty} = \text{Total LTI}/\text{VWAP}$$

VWAP – Volume Weighted Average Price of the Company's ordinary fully paid shares listed on the ASX over the 20 day period post the release of the FY19 Annual Financial Results to the ASX.

Vesting of the Performance Rights will be determined at the end of the Performance Period.

TSR measures the growth in the price of shares (modified to account for capital adjustments where appropriate) together with the value of the dividends over the Performance Period, assuming that all those dividends are re-invested into new shares, For the Performance Rights to vest, the Company's TSR must be equal to or greater than the median TSR performance of the Comparator Group.

The Comparator Group consists of:

- AP Eagers Limited (ASX: APE)
- ARB Corporation Limited (ASX: ARB)
- Bapcorp Limited (ASX: BAP)
- GUD Holdings Limited (ASX: AUD)
- Super Retail Group Limited (ASX: SUL)

And any other entity that the Board shall deem appropriate from time to time.

The proportion of the Performance Rights that vest, if any, will be determined as follows:

Equal to 50 th percentile (ie median) (minimum performance condition for the TSR tranche)	50%
Greater than 50 th and up to 75 th percentile	Straight Line pro-rata vesting from 50% to 100%

Earnings Per Share (EPS) Compound Annual Growth Rate (CAGR)

80% of Performance Rights will vest subject to EPS/ CAGR over the Performance Period. The proportion of Performance Rights that vest, if any be determined as follows:

Background

The Company has been engaged in negotiations with a number of entities associated with the vendors of the business LPGAS 1 (**LPGAS**), acquired by AMA in 2007. The part of LPGAS was the issue of fully paid ordinary shares in the Company. The Company has sought to claw-back part of the acquisition consideration under the Business Sale Agreement (**BSA**) due to the failure of the business acquired.

Negotiations have been finalised with two of the entities, which have agreed to a buy-back with the Company whereby the following shares will be surrendered to the Company for nil consideration (**Buy Back**):.

Dubbeld Investments Pty Ltd <Dubbeld Super Fund A/c>	318,381
JF and CG Van Der Reyden Pty Ltd <Van Der Reyden Family Trust>	22,742

(Collectively, **LPGAS Vendors**)

In order to give effect to the Buy-Back , the Company is required to complete a selective buy-back of the LPGAS Vendor shares. The buy-back is a formality which will, upon completion, enable the Company to cancel all of the Buy Back Shares.

In completing the Buy Back, the Board is satisfied that the buy-back does not materially prejudice the Company's ability to pay its creditors, **as no money is being paid to the LPGAS Vendors.**

A selective buy-back must be approved either by:

- (a) A special resolution passed at a general meeting of the Company, with no votes being cast in favour of the resolution by any person whose shares are proposed to be bought back or by their associates; or
- (b) a resolution agreed to, at a general meeting, by all ordinary shareholders,

or the agreement must be conditional on such an approval.

The Board has resolved to seek shareholder approval by way of special resolution.

Information to be given to Shareholders

Pursuant to Regulatory Guide 110 issued by the Australian Securities & Investment Commission, the following information is provided to Shareholders:

Number of shares on issue	542,204,029 fully paid ordinary shares
Number and percentage of shares to be bought back	341,123 fully paid ordinary shares, representing 0.07% of the current issued capital.
Particulars of the terms of the buy-back	The buy-back is required to complete all the matters the subject of the settlement arrangements with the LPGAS Vendors. The buy-back does not require the Company to pay any moneys to the LPGAS Vendors.

Share buy-back price	No payment is required to be made by the Company. The consideration for the buy-back is part of a settlement reached between the parties in relation to a partial clawback of the original purchase price of the LPGAS business, which was discontinued in 2009. Accordingly, a valuation of the non-cash consideration is not appropriate.
Reason for the buy-back	To finalise all matters relating to the settlement arrangements with the LPGAS Vendors.
Interests of any director who may participate in a share buy-back agreement	Not applicable
Financial effect of the buy-back scheme on the Company	As no monies are being paid for the shares to be bought back, there is no financial effect of the buy-back on the Company.
Source of the funds for the buy-back scheme	Not applicable, as no monies are to be paid for the shares.
The effect of the buy-back on the control of the Company	There will be no affect on the control of the Company.
If the Company is listed, information about the current share price and any additional information that ASX Listing Rules require to be disclosed	As at the date of this memorandum, the share price was \$1.28 per share.
Advantages and disadvantages of the buy-back	<p>Advantages: the buy-back does not require the payment of any funds. The buy-back is a formal requirement that will allow the Company to cancel LPGAS Vendor shares.</p> <p>Disadvantages: as the buy-back is required to complete all matters under the settlement arrangements and will allow the Company to cancel the LPGAS Vendor shares, the Board is of the view that there are no disadvantages.</p>

The Directors unanimously recommend that Shareholders vote in favour of this Resolution.

15 RESOLUTIONS 14A TO 14C – FINANCIAL ASSISTANCE.

This explanatory note is in relation to each special resolution 14A to 14C.

The following information is provided as a disclosure statement for the purposes of section 260B(4) of the *Corporations Act 2001* (Cth) (**Corporations Act**). The Directors consider that this explanatory note contains all material information known to AMA Group Limited (ACN: 113 883 560) (**AMA** or **Company**) that could reasonably be required by Shareholders in deciding how to vote on special resolutions 14A to 14C. AMA is not required to provide information which has been previously been disclosed by AMA to its members.

Overview of the Financial Assistance provisions

The Corporations Act restricts the ability of a company to financially assist the acquisition of its own shares or the shares in its holding company in order to ensure that a company 'maintain its capital' to, among other things, enable it to pay its creditors.

If a company was to have an unfettered ability to, for example, financially assist the acquisition of its own shares, then buyers of shares in companies may tend to fund the purchase price out of the assets of the company, to the potential detriment of its creditors.

Under section 260A(1) of the Corporations Act, a company may financially assist a person to acquire shares (or units of shares) in the company or a holding company of the company only if:

- a) giving the assistance does not materially prejudice:
 - a. the interests of the company or its shareholders; or
 - b. the company's ability to pay its creditors; or
- b) the assistance is approved by shareholders under section 260B of the Corporations Act; or
- c) the assistance is exempted under section 260C of the Corporations Act.

Section 260B(1) of the Corporations Act provides that shareholder approval (by the shareholders of the entity providing the financial assistance) must be given by either:

- a special resolution passed at a general meeting, with no votes being cast in favour of the resolution by the person acquiring the shares or by their associates; or
- a resolution agreed to, at a general meeting, by all ordinary shareholders (which in the case of a company with one shareholder will be a sole shareholder resolution).

Further, section 260B(2) of the Corporations Act requires that where, immediately after the acquisition referred to in section 260A(1) of the Corporations Act, an entity which has given financial assistance will be a subsidiary of a listed domestic entity (the **Australian Listed Holding Company**), a special resolution of the members of that listed entity in favour of the proposed financial assistance must also be obtained.

As AMA is the Australian Listed Holding Company of the Subsidiaries (defined below), Shareholders are being asked to approve (via a special resolution) the Financial Assistance (defined below), as required by section 260B(2) of the Corporations Act. The shareholders of each relevant Subsidiary will also be asked to approve the CSH Financial Assistance, the SMA Financial Assistance or the ACM Financial Assistance (each such capitalised term as defined below), as applicable, as required under section 260B(1) of the Corporations Act.

 - iv. making available directly or indirectly its cash flows or other resources in order to enable other members of the Group to comply with their obligations under the AMA Finance Documents; or
 - v. providing additional support (which may include incurring additional obligations, giving new guarantees or new security interests) in connection with the AMA Finance Documents, including in connection with any refinancing of amounts owing under or in respect of those documents,

(the **ACM Financial Assistance** and together with the CSH Financial Assistance and the SMA Financial Assistance, the **Financial Assistance**).

Effect of the proposed Financial Assistance

The requirement for CSH and the Target Entities to grant security and accede as guarantors under the AMA Finance Documents or the CSH Finance Documents (as applicable) is considered customary and consistent with market practice for secured financing transactions of this nature.

Granting security and acceding as guarantors should not, in and of itself, materially prejudice the interests of the relevant Target Entities, the shareholders of any such Target Entity or the ability of any such Target Entity to pay its creditors because the liability to the lenders under the

AMA Finance Documents or the CSH Finance Documents (as applicable) is a contingent rather than an actual liability.

However, by granting security the assets of CSH and each Target Entity will be subject to security and its operations will be restricted by the representations and undertakings given by it under the AMA Finance Documents or the CSH Finance Documents (as applicable).

Similarly, by acceding as guarantors to the AMA Finance Documents or the CSH Finance Documents (as applicable), each Target Entity will assume a contingent liability to meet the obligations of the Group or the CSH Group (as applicable), including the Company, under the AMA Finance Documents or the CSH Finance Documents (as applicable). This includes an obligation to pay to the relevant lender any amounts that are due under or in connection with the AMA Finance Documents or the CSH Finance Documents (as applicable) (and other related financial documents) in the event that the principal obligors (including the Company or CSH, as applicable) fail to pay such amounts.

This may have an adverse effect on the financial position of a Target Entity and its ability to pay creditors should the relevant lender enforce its security or call on the guarantee in the event of a default under the AMA Finance Documents or the CSH Finance Documents (as applicable).

Reasons for giving the proposed Financial Assistance

The principal advantage to the Company (and, indirectly, CSH and the SMA Group Entities) in providing the CSH Financial Assistance is that Suncorp will agree to sell all of the shares in SMA to CSH and the Company will hold 90% of the issued shares in CSH. If resolution 14A was not passed and CSH did not provide the CSH Financial Assistance, the SMA Acquisition would not occur.

The Directors are of the view that the provision of the Financial Assistance in the manner contemplated in this statement is advantageous to the Company and each of the Target Entities in that it will (among other things):

- enable the Company and CSH to satisfy each of their obligations under the AMA Finance Documents or the CSH Finance Documents (as applicable) and allow them to continue to access the finance made available under the AMA Finance Documents or the CSH Finance Documents (as applicable);
- allow CSH and the Target Entities to benefit from the scale, strength and diversity of the Group and the CSH Group, together, including through synergies and cost savings that will be obtained through their integration with the Group or the CSH Group (as applicable);
- enable CSH and the Target Entities to benefit from the management expertise of the Company; and
- streamline the financing, security and reporting arrangements for the Group, thereby enabling the Group (as a whole) to move more efficiently with future business needs and requirements.

Further, it is noted that the Company has implemented a deed of cross guarantee pursuant to ASIC Corporations (Wholly-owned Companies) Instrument 2016/785 (**ASIC Deed of Cross Guarantee**) in order to, amongst other things, streamline the financial reporting requirements of the Group. It is intended that ACM will accede as a party to the ASIC Deed of Cross Guarantee and therefore become jointly and severally liable for the debts of other members of the Group regardless of any guarantee provided by ACM in favour of the Lenders under the AMA Finance Documents.

If resolutions 14A to 14C were not passed and CSH did not provide the security and the Target Entities did not accede as guarantors and provide security within the agreed timeframes, an event of default under the AMA Finance Documents or the CSH Finance Documents (as applicable) would occur. This would enable the relevant lender to, among other things, cancel the commitments under the AMA Finance Documents or the CSH Finance Documents

(as applicable) and declare all or any loans provided as being immediately due and payable.

Why Shareholder approval is required

Because CSH and the Target Entities will become subsidiaries of the Company (being a listed holding corporation) immediately after the relevant Acquisitions, the Financial Assistance must be approved by a special resolution passed at a general meeting of the Company under section 260B(2) of the Corporations Act.

It is intended that the giving of the Financial Assistance will be approved by a unanimous resolution of CSH and each of the Target Entities in accordance with section 260B(1) of the Corporations Act. In anticipation of obtaining all such necessary shareholder approvals required by CSH and each relevant Target Entity, it is proposed that the Financial Assistance be approved by special resolution of the Shareholders of the Company.

Information and recommendations given

Copies of these resolutions and explanatory notes were lodged with ASIC before being sent to the Shareholders, in accordance with section 260B(5) of the Corporations Act.

The Directors have considered the giving of the Financial Assistance and unanimously recommend that Shareholders vote in favour of resolutions 14A to 14C.

Resolutions 14A to 14C will be passed if at least 75% of the votes cast by Shareholders entitled to vote on each resolution vote in favour of it. To the extent passed by Shareholders, a copy of each special resolution (resolutions 14A to 14C) shall be lodged with ASIC by the Company within 14 days of being passed in accordance with section 260B(7) of the Corporations Act.
