DIVERSITY

The Company is committed to and recognises the benefits gained from diversity throughout the business including employee attraction and retention, creating a more engaged workforce and accessing different and broader perspectives and ideas.

Diversity encompasses gender, age, ethnicity, cultural background, impairment and disability, sexual orientation, educational background and religious, political or other beliefs. Measures and policies, supporting diversity have been implemented throughout the Group and include flexible rostering and working arrangements which particularly support returning to work parents, parental leave and equal pay and employment opportunities. Initiatives to promote gender diversity include participating in the annual award platforms for women in Panel. The Group also supports cultural diverse initiatives such as the annual 'Taste of Harmony' event.

The Company continues to follow best practice recruitment processes which bases key selection criteria on experience, merit and competency for each role and includes a focus on gender equality.

The Company reports under and continues to be compliant with the WGEA Act. The industry in which the Company operates is historically and by the nature of its activities a male orientated industry. For this reason, the Company has not currently set measurable targets in relation to gender diversity alone, however the numerous initiatives in place throughout the business continues to promote all aspects of diversity including women in the workforce.

As at 30 June 2020, 14% of the Company's employees were women. Women holding middle or Senior Management positions totaled 5% of the workforce.

Recognising the benefit that diversity including gender diversity brings to the Board, in December 2019, the Company appointed Nicole Cook. In considering ongoing Board appointments, in addition to consideration of skills, experience and expertise, the Company will continue to review candidates aiming to improve its gender diversity on the Board.

A copy of the Diversity Policy is available on the Company's corporate website.

2. STRUCTURE THE BOARD TO BE EFFECTIVE AND ADD VALUE

The Board is comprised of Independent Non-Executive Directors and the Group CEO of the Company. Anthony Day is Chair of the Board and is an Independent Non-Executive Director.

The Board considers that its size, mix of skills, experience and diversity is appropriate to meet the current needs and future strategic objectives of the Company and is conducive to effective and efficient discussion and decision-making.

The Board regularly assesses its skills and expertise to ensure it has the appropriate skills deemed by the Board to meet the requirements of the current business and to fulfil the future needs of the business. INDEPENDENCE OF DIRECTORS

The Board considers thresholds of materiality for the purpose of determining independence on a case-by-case basis. Factors to be considered in determining the independence status of Directors are detailed in the Board Charter, which is available on the Company's corporate website.

To broaden the skill base, increase the level of Director Independence and gender diversity on the Board, during the year the Board appointed 2 new Independent Non-Executive Directors - Nicole Cook on 1 December 2019 and Carl Bizon on 2 February 2020.

The Board has determined that all of the Non-Executive Directors are Independent based on their independent conduct and judgement, deliberation and decision-making processes that they contribute to the Board. In relation to Leath Nicholson and Simon Moore, the following further supports the Board's determination:

- Leath Nicholson (**Leath**) currently has a commercial relationship with a law firm for which Leath is a partner. For a number of years, the firm has provided specialist legal services to the Company, mainly relating to panel and other acquisitions which have been and are key to the growth of the business. As a result, the firm has in-depth knowledge and expertise of the smash repair industry, which is valuable to the numerous transactions undertaken by the business. All services are performed on an arm's length commercial basis. The level of fees are not considered by the Board to be material considering the Company's overall expenditure for the period. Leath does not participate in Board discussions or deliberations relating to his contract or fees paid to the firm. The Board believes that, in providing the services to the Company, Leath's business and industry knowledge continues to be a benefit to the Company. Leath exercises independent judgement in his position on the Board and on that basis is considered to be an Independent Non-Executive Director.
- Simon Moore (**Simon**) currently has a relationship with a private equity investment firm of which Simon is the Senior Partner. On extremely rare occasions, the firm provides corporate advisory services for which it charges a fee. During FY20, the firm was paid a fee for corporate advisory services in relation to the acquisition of Capital Smart and ACM Parts. The fee as determined by the Board was on an arms-length basis and when compared to market was at the lower end of industry standards for the services provided by the firm. Simon did not participate in Board discussions relating to the appointment or the determination of the level of fee. The Board is of the view that, based on the firm's in-depth knowledge and expertise, the Company benefitted from the provision of the services in relation to this transaction. Simon exercises independent judgement in his position on the Board and on that basis is considered to be an Independent Non-Executive Director.

Andrew Hopkins is the Group CEO and therefore not independent.

The Board has measures in place to promote and maintain independent judgement which include:

- Directors must act in the best interests of the Company at all times;
- A standard item on each Board Meeting agenda requires Directors to declare any interests or conflicts of interest;
- To ensure material conflicts of interests are managed or avoided, in March 2020, a conflict of interest and related party transaction policy was implemented. The policy provides for disclosure of all conflicts/potential conflicts of interest and processes to manage conflicts of interests and related party transactions. The policy also prohibits Directors from earning success and other incentive fees from the provision of professional advisory or consulting services provided to the Company. A copy of the Conflicts of Interest and Related Party Transactions Policy is available on the Company's Corporate website.

Additional information including experience, Directors in office at the date of this statement and date of appointment of each Director, is set out in the Directors' Report of the Company's Annual Report.

Newly appointed Directors undergo induction in the form of meetings with the Chair of the Board, the Board, the Group CEO and Senior Management (as relevant). Management keeps the Board informed in relation to the regulatory environment as it relates to the Company.

BOARD AND COMMITTEE MEETING ATTENDANCE

The Board held 24 Board meetings, 4 ARC and 4 PCRNC Meetings during FY20. The number of meetings of the Board and of each Board Committee held and attended during FY20 is disclosed in the Directors' Report of the Company's Annual Report.

RELEASES TO MARKET

Periodic reports to the market which are not audited or reviewed by external auditors are subject to management review to ensure all content is materially accurate and appropriate. The Board reviews and approves all material market announcements prior to the release to the market.

EXTERNAL AUDITOR

Due to the Company's growth and development, the Board determined that an audit firm with the ability to provide more extensive services across both Australia and New Zealand was required. Following a thorough process the Directors resolved to appoint KPMG as the external auditor of the Company. The appointment of KPMG was approved at the Company's Annual General Meeting on 20 November 2019.

Each year, an internal audit plan will be established.
