1. LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

The Board acknowledges its role and responsibility in building and maintaining Shareholder value in the short and longer-term and ensuring the Company is appropriately managed while protecting the assets and reputation of the Company.

Roles and responsibilities reserved for the Board and those delegated to the Group Chief Executive Officer (Group CEO) are set out in the Company's Board Charter.

The appointment of Carl Bizon, as Group CEO on 1 February 2021 reinforced the importance of these responsibilities.

With the assistance of the PCRNC, the Board has the ultimate responsibility for the selection and appointment of Directors, including, engaging external consultants, as required. In doing so, the Board considers the collective skills, knowledge, experience, expertise and diversity of the Board in line with existing and the emerging requirements of the business.

DIVERSITY

The Company is committed to and recognises the benefits gained from diversity throughout the business including employee attraction and retention, creating a more engaged workforce and accessing different and broader perspectives and ideas.

Diversity encompasses gender, age, ethnicity, cultural background, impairment and disability, sexual orientation, educational background and religious, political or other beliefs. The Group encompasses a diverse and multicultural workforce. Policies supporting diversity include flexible rostering and working arrangements which particularly support returning to work parents, parental leave and equal pay and employment opportunities.

Further initiatives to promote gender diversity include participating in the annual Women in Collision awards (these annual awards recognise the outstanding contribution of women in the collision industry). During the year, the Group employed its first female dismantler - a significant milestone. The Group also supports cultural diverse initiatives such as the annual 'Taste of Harmony' event.

The Company reports under and continues to be compliant with the WGEA Act. The industry in which the Company operates is traditionally a male orientated industry. EVALUATING THE PERFORMANCE OF THE BOARD, ITS COMMITTEES AND INDIVIDUAL DIRECTORS

An internal survey to evaluate and assess the performance and effectiveness of the Board and its Committees was undertaken during FY21. The results of the survey are used by the Board for ongoing development of the Board and Committees, as deemed appropriate.

SENIOR MANAGEMENT PERFORMANCE EVALUATION

On an annual basis, considering the ongoing objectives and strategies of the business, Key Performance Indicators (KPIs) for Senior Management including Executive KMP are set, and their performance assessed and evaluated against these performance targets. During the year, the Board enhanced the key elements of the STI Plan for Senior Management including for the Executive KMP introducing performance metrics focusing on driving superior performance in our organisation for the long-term sustainability of the business. These include a range of people and customer-centric metrics focused on cementing a purpose-led organisation.

In accordance with this process, an assessment of KPIs was performed in respect of the Executive KMP and for Senior Management in relation to FY21.
